# PharmaBioTec Europe

Symposium of Pharmaceutical Biotechnology  
25. – 28. April 2004  
under the auspices of the European organisations:

- Regulatory Affairs ■ Bioprocessing
- Protein Formulation ■ Bioanalytics

## Biotech meets Pharma

co-operation event of the  
**European Association of Pharma Biotechnology (EAPB)**  
**International Association for Pharmaceutical Technology (APV)**  
**American Association of Pharmaceutical Scientists (AAPS)**  
in conjunction with Vogel Media Group

Contributions published in the Int. J. Pharm.

# Scientific Program

## Key lectures:

### Easy access by air:

There are daily flights (12) from Trieste to three main hubs, Milano Malpensa, Rome, Munich from where connection flights to all major European airports can be taken. Other direct daily flights are to Genoa and Naples in Italy, and one low-fare Ryan Air flight to London. There are also non-daily direct flights to Beograd and Moscow.

## Venue:

## Main organizers:

Monday, 26 April 2004 afternoon  
"Regulatory Affairs" Session

Tuesday, 27 April 2004  
"Drug Discovery & Production" Sessions

Wednesday, 28 April 2004  
"Chromatographic Analytical Methods" Session

Postersession on Tuesday and Wednesday.

Publication of Abstracts, deadline for submission:  
1 March 2004.

Company Exhibition on Tuesday and Wednesday.

### Social events:

- conference dinner (26 April)
- tour to Skocjanske jame  
(Sunday, 25 April, approx. 9 a.m. – 3 p.m.)
- boat trip to Miramare castle  
(Sunday, 25 April, approx. 4.30 p.m. – 9 p.m.)

Padriciano 99, 34012 Trieste (Italy)

Dr. Fabio Carli, Actimex & REMEDIA/Trieste  
Prof. Dr. Rainer Müller, PharmaSol/Berlin  
Prof. Alessandro Rigamonti, AFI  
Dr. Oliver Kayser, Free University of Berlin

## Registration Fees (€)

Participant	900	1050
Participant/EAPB or APV member *	700	850
Academia	450	600
Academia, EAPB or APV member *	300	450
PhD students **	100	150

before 1 March

after 1 March

Regular registration includes conference dinner. (additional dinner tickets: 50)

\*EAPB: Membership is free, you can register as member with your conference registration and benefit from the reduced fee! \*\*Only limited capacity available, conference dinner not included, for EAPB members only!

## Advisory Board

Siddharth J. Advant, Diosynth Biotechnology/USA  
Rainer Alex, Hoffmann-LaRoche/Switzerland  
Sophia Antimisiaris, University of Patras/Greece  
Per Artursson, University of Uppsala/Sweden  
Marival Bermejo, University of Valencia/Spain  
Jean Buendia – SCI / Comité Biotech/France  
Diane Burgess, University of Connecticut/USA  
Wolfram Carius, Boehringer Ingelheim/Germany  
Claus Cichutek, Paul Ehrlich Institute/Germany  
Patrick Couvreur, University of Paris-South/France  
Daan J. A. Crommelin, Utrecht/The Netherlands  
Jørgen Dirach, Novo Nordisk/Denmark  
Pierandrea Esposito, Serono/Italy  
Gesine. E. Hildebrand, Schering AG/Germany

Hans Junginger, University of Leiden/The Netherlands  
Jörg Knäblein, Schering AG/Germany  
Zlatko Kniewald, University of Zagreb/Croatia  
Julijana Kristl, University of Ljubljana/Slovenia  
Robert Langer, MIT/USA  
Henrik Luessen, OctoPlus/The Netherlands  
Norbert Lill, Aventis/Germany  
Hans Lindner, Ferring Pharmaceuticals/Denmark  
Szabolcs Nyiredy, Research Institute for Medicinal Plants/Hungary  
Filiz Öner, Hacettepe University Ankara/Turkey  
Tadeusz Pietrucha, biotech consulting/Poland  
Johanna Reiman, Turku Bio Valley Ltd./Finland  
Alessandro Rigamonti, AFI/Italy  
Gary Walsh, University of Limerick/Ireland

## Historical and cultural aspects

Trieste – experience the remaining flair of the old Austrian-Hungarian Empire; walk in the superb park of the Miramare castle overlooking the Gulf of Trieste, where the love story of emperor Maximilian and his wife Carlotta is still alive; visit the city where West and East met during the "cold war"; admire magnificent natural wonders (the "grotta Gigante" in the Triestino Karst, the largest single cavity cave in the world; the UNESCO protected "Skocjanske jame" in the Slovenia Karst, superb series of caves with the breathtaking river Timavo flowing through them); enjoy the beaches and a nice swim in the Adriatic sea; experience the multicultural food of Trieste: the Mid European specialties of the Karst from Slovenian and Austro-Hungarian tradition, fresh fish from sea prepared following the Istro-Venetian recipes.

## AREA Science Park

The AREA Science Park of Trieste, one of the leading scientific and technological parks in Europe, is a system that brings together the worlds of research and business enterprises.

The AREA Science Park comprises 75 companies and research centres, both national and international, where around 1600 persons are engaged in R&D, technology transfer, training and specialised services. The many collaborative and contract research programs address applications in industry, including chemical, pharmaceutical, car, food and aerospace. The Park hosts also the Synchrotron Light Laboratory ELETTRA, an outstanding facility for studies of matter.
